Alexandria, VA 22313-1450

Dear Sir/Madam:

Applicant submits the enclosed information disclosure statement that is being filed after the first office action on the merits – the first office action was just a restriction requirement which is not on the merits of the case. Accordingly, it is applicant's opinion that the examiner at the U.S. Patent and Trademark Office should consider these references in determining the patentability of this application.

Applicant is submitting this disclosure of U.S. references (copies not attached in accordance with USPTO's new rules), international patents (not provided at this time), a journal article and international search reports in compliance with its requirement under rule 1.56. If Applicant becomes aware of other relevant references that are not cumulative of the submitted references, Applicant will submit them.

Respectfully submitted,

Date: 7-28-2005
